

A sports programme

Winning is not the only achievement experienced by learners at our College. We encourage the full expenditure of self that often leads to greater victories in all arenas of one's life. In this regard we have the following sporting activities:

Soccer (Boys and Girls), Netball (Girls), Hockey (Boys and Girls), Chess (Boys and Girls), Cricket (Boys and Girls), Rugby (Boys), Tennis, Basketball, Volleyball, Cross country running and Track

A strong Cultural Tradition

In this era of academic cut-backs in the arts, music and cultural sectors, Tshwane College stands out as a bastion of the "complete" education. We offer intensive music and art programmes that allow each learner to find their own "inner artist" and voice of expression. In other words our curriculum ensures that while attaining world class knowledge, our learners remain deeply rooted in their African cultures.

Our Goal: Academic Excellence

Education at Tshwane College is focused on the development of the total learner... preparing them for life, university and a commitment to social justice and a concern for the world at large. We prepare our learners for a mission that extends beyond mere education into the arena of both public and private service.

CODE OF CONDUCT

Any learner admitted at Tshwane College is expected to acquaint him/herself with our code of conduct. We also expect parents to play an active role in our learners' discipline. We do not tolerate any deviation from the rules of the college.

FEES

Please contact the College for a detailed fee structure.

Take A Step Beyond Excellence

VISION

To prepare future leaders who espouse the African tradition of honour and integrity for both the public and private sectors through quality education.

MISSION

To provide a secure environment in which all learners can study and achieve their academic goals.

BACKGROUND

The foundation of our school is excellent in preparing learners to be productive responsible citizens. This is achieved by providing quality education in cooperation with family and community. The school espouses the values of a solid work ethic, good citizenship and a sense of morality that supports the community's values. Students are encouraged to develop a sense of responsibility that enables them to be both self-disciplined and self-reliant. The instruction offered to students provides them with the skills necessary to compete and achieve success in the academic and non-academic fields.

WHY STUDY AT TSHWANE COLLEGE

Professional Staff

We have highly qualified, competent and friendly academic and support staff. These include the Principal, Deputy Principal, School Management team, Heads of Departments, Activities/Athletics Director, a Guidance Counselor and Teachers. Many of our professional staff hold advanced degrees beyond the Bachelor Degree level.

Cutting-Edge Techno-Science

Tshwane College learners leave fully prepared for the rigors of the finest Medical, Engineering and Technology Programmes in the best universities both in South Africa and abroad. The College equips its learners with a strong science and technology perspective, based on real world needs in this technology hungry society.

Note:

- We have laboratory facilities for Physical Science subjects
- We have modern computer laboratories
- We have a fully functional Library
- We have a Research Centre which is based in the Library. Learners are able to conduct research on the internet.

Extra-Mural Activities

A wide variety of clubs and activities provide all learners an opportunity to get involved in school life outside of the classroom. All Tshwane College learners are encouraged to participate in one or more of the activities listed below:

Student Representative Council (SRC), One-Act play Contest (Stand-up comedy), Speech Contest, School Choir, School Newspaper, Dance Team "Twisters", Debating Society.
